# Summer Camp 2010

### The Best Kept Secret in Buffalo!

The mission of Westminster Early Childhood Programs is to provide each child with a safe, nurturing environment that encourages self-esteem, individuality and respect for diversity. This environment fosters each child's development socially, emotionally, intellectually, spiritually, and physically. Through play and exploration we foster children's creativity, curiosity and

confidence as they become problem solvers, critical thinkers, and life-long learners.

We develop warm relationships with adults and children, building a sense of caring and community for all families.
